Fitzpatrick & Weller, Inc.

Quality Hardwood Products

Website: <http://www.fitzweller.com/>

Fitzpatrick & Weller produces and sells kiln-dried hardwood lumber and wood components for furniture, cabinetry, and staircase applications. It also makes musical instrument parts, snowboards, cutting boards, table tops, game boards, and other items. The company uses hardwood species that include ash, hard and soft maple, cherry, basswood, red and white oak, and poplar. It exports up to 50% of its production. Fitzpatrick & Weller began operations in 1892.
