

CIS

Carolina Inspection Services Inc.

Position: Quality Inspector for wood packaging materials program under the IPPC/ALSC regulations with the ISPM 15. This is a field staff position.

Job Description: This position requires travel to multiple sites/states in a territory inspecting facilities (manufacturers, packaging/freight companies, heat treaters, etc.). This candidate will inspect companies on a monthly basis for records management, required HT mark, and wood packaging materials. It requires a person that is self-directed and very detail oriented. There would be a 1-2 week training period, possibly in the NC office and in other states. A good driving record is required for this individual also.

Background requirements: An associates degree preferred. Looking for a candidate with knowledge of wood products or a forestry background.

Compensation: 25K to start. A vehicle for travel will be provided and all applicable expenses paid. 2 weeks vacation/yr. and all major holidays paid. Commissions available.
