

Kop-Coat Industrial Protection Products, a global leader in Wood Protection technologies [www.kop-coat.com](http://www.kop-coat.com), an RPM International Company [www.rpminc.com](http://www.rpminc.com).

New Position: Program Specialist

Location: Surry, Virginia factory near Newport News and Williamsburg, VA

Description: Provide onsite QC, QA and process support for a new Wood Protection Chemical process being pioneered by a leading Forest Products Manufacturer. This onsite, hands on, technical support position in our Customer's factory requires a dedicated, detail oriented person with excellent interpersonal communication skills and an interest in Forest Products Manufacturing and Chemical Processes.

This position will focus on serving the needs of the customer while overseeing critical quality and technical aspects of the new process. Kop-Coat serves 1000 Forest Products Companies and has led the Wood Protection Industry for many years with responsible and innovative protection programs for Windows, Doors, Lumber, Engineered Wood, Panel Products and many others.

For more information about this position please email us at [dwessolek@kop-coat.com](mailto:dwessolek@kop-coat.com) to set up a phone interview to answer your questions.
