

## JELD-WEN, inc. Summer Internship Program

The internship introduces students to JELD-WEN and to our management philosophies. Our paid internship program lasts 8 to 12 weeks depending on the student's availability. We're seeking students between their junior and senior years (that will be graduating in a year or less) that are looking to shape their competencies, interests and work ethic into a successful and rewarding long-term career. Interns get to experience a healthy, exciting mix of physical, mental and interpersonal challenges by being exposed to an actual day to-day production and management environment. JELD-WEN is a privately held corporation with headquarters in Klamath Falls, Oregon. With over 100 door and window manufacturing and distribution companies in North America, plus manufacturing facilities in 21 countries outside North America, JELD-WEN is one of the world's largest suppliers of doors and windows. JELD-WEN employs approximately 30,000 people worldwide. **Complete information and an online application are available on our Internship web site at <http://www.jwcareers.com/>**

Through a real-world manufacturing and distribution experience, students will:

- Learn the basic workings of JELD-WEN, a multi-national, vertically integrated corporation.
- Build your knowledge of manufacturing and distribution processes, including equipment operation and maintenance.
- Spend two or more days in each significant business function, including key plant office functions.
- Learn how managers guide and lead hourly production employees and other managers.
- Observe the integration of manufacturing capacity, product quality and a safe work environment.
- Discover our philosophies and processes for the responsible use of natural resources and by-products.
- Experience our unyielding, commitment to quality-control assurance and customer satisfaction
- Accompany a member of the sales force on customer calls.
